THE CHAMPAGNE BAR

HAPPINESS IS A GLASS OF BETTER BUBBLY.

To love champagne is to love life itself. Nowadays, champagne lovers have their own watering hole right here at the Grand Hôtel. By the entrance to the Cadier bar, adjacent to the lobby, is a beautifully designed champagne bar, where you can enjoy an extensive range of champagne from the best champagne houses and vintages without having to order a bottle. End the day with a glass of 2011 Ruinart vintage or start the evening with a glass of 2008 Dom Pérignon.

THE CADIER BAR

Everybody feels at home at the Cadier Bar, Stockholmers and hotel guests alike. This spectacular bar is a popular gathering spot for an after work drink, informal meetings and nights out on the town, bubbling with Champagne. Hungry? Check out our bar menu. You'll also find an à la carte breakfast, lunch and of course afternoon tea for those who have difficulty tearing themselves away from our comfy sofas.

AFTERNOON TEA

Get together over a classic afternoon tea, featuring an assortment of sandwiches, pastries and scones, topped off with curd, whipped cream, smetana and a variety of homemade jams. Indulge in our collection of carefully selected teas, including our very own blend the 'Grand Hôtel's Finest Tea Blend'. And a perfectly chilled glass of Champagne from Ruinart usually makes the cakes taste even better.

The Cadier bar is named after Régis Cadier, French chef and the founder of the hotel.

WE TAKE COCKTAILS SERIOUSLY

The Grand Hôtel already began developing cocktail concepts at the Cadier Bar back in 2018. Now, as a next step, the Cadier Bar is presenting a new cocktail menu with 14 handcrafted cocktails based on taste memories. Each drink presents a distinct flavour that conveys a sense of recognition. Tastes and flavours that Swedes grow up with; ones that bring back vivid memories and associations.

VERANDAN

The hotel's first summer verandas were built over a century ago. Since then, the Veranda restaurant has been a favourite meeting place for Stockholmers and tourists alike, especially for those celebrating something special. Enjoy a marvellous breakfast, lunch or dinner, with a wonderful view of the waterfront and the Royal Palace. We also offer delicious buffets and classic smörgåsbord, served with the hotel's very own snaps, Grand Aquavit 1874.

THE VERANDA'S THEMED MENU WEEKS

Throughout the year we celebrate the changing of the seasons and traditional festivities with themed menu weeks at the Veranda restaurant. First up is our Västerbotten buffet, followed by an Easter buffet, a crayfish party, shellfish weeks, our Märten Gås goose fête and a spectacular Christmas smörgåsbord. And we ring in the New Year with a grandiose New Year's supper.

GRAND SOLEIL

Grand Soleil, which means big sun in French, invites guests to Stockholm's sunniest destination, where the warmth and atmosphere of the French and Italian Riviera permeates every moment.

Together with Mathias Dahlgren, the Grand Hôtel's kitchen team has created a concept with a menu based by the best flavors from the Riviera, accompanied by champagne, a well-selected list of French wine and refreshing non-alcoholic options. We are also serving brunch on the weekends, don't miss out on our Riviera Brunch on Saturdays where we have a real sunny Riviera atmosphere with DJ on set.

Grand Soleil is not just a restaurant, it is also a tribute to the glamorous Riviera and the sunny aesthetic along the coast. If you want to cool off, you do it best with our own sunfeather - The Grand Soleil Fan.

MATHIAS DAHLGREN

A visit to Mathias Dahlgren is a gastronomic event for those interested in exclusive simplicity in a relaxed, comfortable environment with a friendly atmosphere.

MATBAREN

Matbaren is a modern bistro, an informal restaurant in keeping with the times. Enjoy one or more medium-sized dishes and accompanying wines by the glass, either served at a table or up at our large bar counter. Based on the very best of fresh seasonal produce, our menu changes on a daily basis.

PRIVATE DINING

In connection to the new restaurant, two separate parts for private dining will take place. Here, the guest has the opportunity to propose a direction for the menu, where Mathias' team puts their gastronomic touch on the food and beverage.

"-My philosophy: With a Swedish identity on a regional platform, I create my cuisine, open for local as well as global ingredients and influences. A cuisine based on natural produce and natural taste – the natural cuisine."

Mathias Dahlgren

SEAFOOD GASTRO

Seafood Gastro is a gastronomic experience with aquatic ingredients that live in, by or on the water.

The tasting menu is enhanced with other top-quality marine produce not naturally found in our region – all carefully procured from select suppliers and drawn from open waters and sustainable farms alike.
